#### The Purpose of this Financial Services Guide

This Financial Services Guide (FSG) provides information about the financial products and services we are authorised to provide in respect of a general insurance policy, to help you decide whether to use those services, how our staff and associates are remunerated, arrangements we have in place to compensate retail clients for loss, how you can make a complaint and how complaints are handled, and how we respect your privacy.

## Products and services we provide

Our AFSL authorises us to provide the following services in relation to general insurance products to both retail and wholesale clients:

- general financial product advice;
- to deal in general insurance products, including by issuing, varying or cancelling a product; and
- to provide a claims handling and settling service.

We do not act on your behalf when we do any of those things.

Assetinsure may enter into agreements with agents to authorise them to offer, issue and administer general insurance products, and/or to settle claims under those products on our behalf. These agents act as an agent of Assetinsure and do not act on your behalf.

If you use an insurance broker or other adviser, they will in general act on your behalf. We may, in some cases, authorise your insurance broker to issue products on our behalf but they will act on your behalf in all other respects.

# **General Advice Warning**

You should be aware that our employees provide only general financial product advice in relation to general insurance products. We do not provide tailored advice that considers your personal objectives, financial situation or needs. Before you make any decisions about the product, you should read the Product Disclosure Statement (PDS) and/or Policy Wording carefully to ensure that the product is suitable for you and consider seeking independent advice.

#### You will receive a Product Disclosure Statement

If we offer you a product or service as a retail client, we will provide you with a PDS. The PDS provides important information about the significant benefits and features of the insurance policy and the rights, terms and conditions attached to the policy so that you can make an informed decision about whether or not to acquire the product. If we issue you with a product, we will give you a Policy Wording that sets out the terms on which we have issued the product. A PDS and Policy Wording may be combined for some products.

#### Remuneration

Any premium or other payment you pay us will be for providing the product or service we provide to you.

Assetinsure employees receive a salary which is based on a number of general factors including industry experience, location, qualifications and complexity of role. In addition, they may be eligible to receive a performance based bonus, however they do not receive incentives, commissions or other payments based solely on individual sales or the advice provided to a specific customer.

Employees may also receive non-monetary benefits such as sponsorships of conferences and functions, and meals and entertainment. We closely monitor these activities to ensure they do not create a conflict of interest.

When Assetinsure enters into agreements with agents to authorise them to offer, issue and administer general insurance products on our behalf, we pay those agents a commission of the base policy premium. Specific information on how our agents are remunerated can be found in the agent's FSG related to the specific product being issued.

#### Referrals

We may pay commissions, fees or other benefits to a person who refers you to us such as your insurance broker or other adviser (who acts on your behalf). If you want information about their remuneration arrangements we recommend that you ask them for their FSG. Any remuneration paid to third party referrers is not charged directly to you.

## **Compensation and insurance arrangements**

The financial strength of Assetinsure is regulated by APRA and so Assetinsure is exempt from the compensation and insurance arrangements required for AFSL holders.

## **Complaints**

We strive to provide an efficient, honest and fair standard of service at all times. However, we recognise that this may not be always the case, and you may wish to make a complaint.

## What should you do if you have a complaint?
